

Light of Christ Community Church 2010 Meditation for Right Action

Please use the following meditation at noon in your time zone, and any other time that you would like to use it.

In your mind's eye, visualize a group of people from Light of Christ Community Church sitting in a circle in the sanctuary. Begin by saying the short form of the Soul Mantram.

**WE ARE THE SOUL.
WE ARE LIGHT DIVINE.
WE ARE LOVE.
WE ARE WILL.
WE ARE FIXED DESIGN.**

As the Soul infused personality, we continue:

“As the One, centered in the white, white light of the One, we link with the Great Deva of the Buddhic plane. With the cooperation of the great Deva, we invoke the five-pointed Star of the Christ over the church and draw a column of light into the church, with the standing, purifying vortex, beneath the Star of the Christ, anchored in the Earth with the needed energies.”
(The vortex of light is visualized as a swirling cone of light, with the tip in the five-pointed star on top, and the wide edge of the vortex below the sanctuary in the ground.)

“We meet in the name of the Christ, by the power of His name and sword, His Love, His Joy, His Divinity. Let the reality of His presence govern our every thought, and His Truth be the Master of our life.”

We recognize our true identity by voicing the short form of the Soul Mantram again to build the group crystal. We say,

“WE ARE THE SOUL.” (Pause)

We focus our attention in our individual Soul Star six inches above our head, and will to becoming one with this radiating sphere. (Pause)

We link with each other at this level by drawing horizontal lines of light, Soul Star to Soul Star with each person, and link each person's Soul Star to the central column, the group antahkarana. (Pause)

We link Earth Star to Earth Star, (that point of light six inches below our feet), one to another, and we link each Earth Star to the central column, and then extend it down to the center of the Earth. (Pause)

We ascend the group antahkarana and focus our attention on the highest plane of the mental plane. We say here:

“WE ARE LIGHT DIVINE.” (Pause)

We visualize the Soul Star at this level and link Soul Star to Soul Star of each other, and also to the central column, and then we link brow center to brow center and to the central column. (Pause)

We raise our consciousness to the Buddhic plane. We say,

“WE ARE LOVE.” (Pause)

We link with each other Soul Star to Soul Star, to the central column, and then heart center to heart center and to the central column. As a group, we link into the heart of Hierarchy, the heart of the Christ. (Pause)

We raise further on the group antahkarana to that plane of Will, the Atmic plane, and say,

“WE ARE WILL.” (Pause)

We link Soul Star to Soul Star at this level, to the central column, and also link throat center to throat center, and to the central column. (Pause)

We stand welded together in integrated Purpose and Will, and know that nothing can prevent us from manifesting this Will in loving intelligent activity.

We will to rise to the Monadic level, and say,

“WE ARE FIXED DESIGN.” (Pause)

We link with one another at this level Soul Star to Soul Star, to the central column, and also crown center to crown center and to the central column. (Pause)

We say together, **“THE HIGHEST AND LOWEST MEET.”**

Visualize an altar in the center of our group. Place on that altar the request for right action for the activities and functioning of Light of Christ Community Church in 2010.

Release all expectations as to what should be to God, asking only that God's will be done. Once we have emptied ourselves of our own ideas, we are left with only our love for God. Feel this love. Be at one with our Beloved. Hold this sacred space for a few minutes. When you are ready, bring your awareness back into the outer world. So let it be, and so it is. Amen.
